MORE ACTIVITY IN STOCKS

An Increase of Business Results from Manipulation of the Bears.

At Indianapolis Wheat Was Steady and Corn and Oats Firmer-Current Quotations on General Produce and Merchandise.

MONEY AND STOCKS.

The Bears Take a Turn, and an Increase of Business at Once Follows.

At New York, yesterday, money on cal was easy at 14@2 per cent, the last loan being made at 11/2; closing offered at 11/2 per

Prime mercantile paper, 84 @5 per cent. Sterling exchange was quiet but steady at \$1.86 for sixty-day bills and \$4.874 tor demand.

The total sales of stocks were 315,277 shares, including the following: Atchison, 24,530; Chicago Gas, 5,200; Delaware, Lackawanna & Western, 3,000; Erie, 5,670; Hocking Valley, 26,746; Manhattan, 12,335; Northern Pacific, 2,315; Northern, Pacific, preferred, 39,525; New England, 7,005; Reading. 24,440; Richmond & West Point, 4,180; St. Paul, 13,400; Union Pacific, 28,001; Western Union, 10,324.

The stock market was again slightly more active, especially during the forenoon, but the increased amount of business had its origin entirely in the operations of the bears, who manipulated a few stocks with a view to the repurchase of stocks put out some time ago. Cordage and some of the low-priced unlisted stocks made most substantial gains on increased business, but as a rule the railroad list was quiet and traded in within narrow limits. The weakest feature of the day was Union Pacific. There was more animation in Richmond & West Point, but it moved within extremely narrow limits. The coal stocks were comparatively quiet and Reading was again displayed as leader. The rest of the list was without feature. The final changes show considerable irregularity. Sugar, Lake Shore, Wheeling and Lake Erie are each down 1 per cent. and Union l'acific 2. Manhattan is up 1½ and Delaware & Hudson 1.

Railroad bonds were still active and displayed the usual firmness, while special strength was seen in a few of the mactive issues, and Detroit, Mackinac & Marquette land grants rose 3, to 30, after selling at 40. The other changes were generally slight, and while the total sales were \$1,253,000, Atchison incomes sold \$266,000. Government bonds were dull and firm

and State bonds were similar. Closing quotations were: Four per cent. reg117 |Louisville & Nash. 7618 Four per ct. coup..117 |L. & New Albany.. 2519 109 Missouri Pacific... 581 341 N. J. Central.....138 Adams Express. 144 Northern Pacific. 183

DUN & CO.'S WEEKLY REVIEW

The Writer of Trade Notes Takes a Dig at the Boastful Farmers' Alliance.

Sales at Chicago Invariably Show an Increase Regardless of the Rest of the Country -Exports Larger and Larger.

NEW YORK, May 13.-R. G. Dun & Co's. weekly review of trade says: The continuance of very unfavorable weather throughout a large part of the West begins to cause apprehensions regarding the crops of the year. In all other respects the situation appears satisfactory, and at most points the prospects for trace are considered more hopeful. The money markets are everywhere easy, with visible improvement in the demand at a few points. Bad weather is named as retarding trade in dispatches from Cleveland, from Denver and from nearly every intermediate city reporting. Yet at Chicago sales exceed last year's, collections are easy, and the good condition of trade, in spite of retarding influences, is manifest. Receipts of wool, wheat, corn, cured meats, lard, butter and cheese show some decrease, while increase is seen in dressed beef and flour, 20 per cent. in cattle and hogs, a third in rye, and five fold in barley. St. Louis notes strong trade in all lines; Kansas City, heavy receipts of cattle, though grain receipts are light; Minneapolis, a good lumber trade, flour output of 80,000 barrels daily and excellent prospects; Omaha and Denver, a fairly-maintained trade in spite of the weather. At Detroit jobbing trade starts well, for May, exceeding last year's, and trade is good at Cleveland in spite of storms. Rolling-mill products are in strong demand. The East reports a fair trade. At Pittsburg a better demand for iron is seen, good trade in hardware, and at Philadelphia a fair trade in groceries and in dry goods, though the Western demand is choked by the weather. The South has little to report at this season, though Savannah finds the outlook improved by recent rains; business is light at Montgomery, quiet at Little Rock and Memphis and only moderate at New Or-

leans, with sugar in fair demand and rice Foreign trade in April was remarkable. The exports of cotton, breadstuffs, provisions, cattle and oil amounted to \$54,340,077, against \$47,665,223 for the same month last year, with a large increase in cotton because of lower prices, but a heavy increase in breadstnifs and cattle. This month's exports from New York show a gain of 23 per cent. thus far over last year, and meanwhile the imports of last year are barely maintained. Reports about collections from all parts of the country are favorable, considering the weather and the state of country roads. Wheat has declined 242c on sales of 49,-000,000 bushels. Instead of \$2 per bushel, as

the rarmers Alliance. th price on Thursday was 8942c in New York. Receipts this week have been comparatively small, but exports, thus far, quite large. Cotton has declined 1-16c. Corn rose le and pork products were slightly stronger, but coffee and oil both declined. A small hand-to-mouth trade is seen in men's goods and manufacturers are still short of orders, but confident. Wool sales at the principal markets since Jan. 1 have been 12.000,000 pounds, or 14 per cent. more than last year. More activity is seen in cottons and prices of prints and many other qualities are 5 to 7 per cent. lower than last year. Shipments of boots and shoes from the East now practically equal last year's, Large sales of leather are seen, with an advance of 5 to 10 per cent., because the meeting of tanners here agreed to stop the production sixty days. The supply of bides does not stop and receipts of cattle at Chicago for the year have been 159,000 head, or 16 per cent greater than last year to date. In the iron trade a decrease of 7,576 tops in weekly output in April has improved the

demand. The business failures occurring throughout the country during the last seven days number 175, as compared with a total of 207 last week. The corresponding week of last

year the figures were 257. PENSIONS FOR VETERANS,

Residents of Indiana and Illinois Whose Claims Have Been Allowed.

Pensions have been granted the following-named Indianians: Original-Winburn Kearns, F. Daniel Kiser, Jefferson Ritchey, John Hutchison, Gotlieb Has, David Garey, William W. Campbell, J. Compton, Lewis Fulkerson, Rufus B. Farmer, John Bright, Theodore Thurber, James S. Edie, Henry Hart-man, John Kirtley, Henry Hook, George H. Rice, John M. Rynearson, John Ries, William H. Ped-Igo. Additional—Lewis A. Brickley, Joseph Powell, Doctor W. Whitford, William Grow, Thomas Hornsby, Lloyd E. Adams, Edson H. Blanchard, Raiph Ashby. Increase—Mahlon Thompson, Alex Cochran, P. Anderson, J. M. Butler, B. C. Lang, David Milburn, John M. Woodson, James J. Hite, Peter Wendel, G. Patrick T. Moore, Powhattan R. Elliott I. G. Patrick T. Moore, P. Patrick T. Pa rick, T. Moore, Powhattan B. Elliott, I. Quackenbush, Norman Carr, Joshua Tiliey, Ithra Diehl, George Forst, Jeremiah Coridan, J. W. Trueblood. Reissue-Nathan Hammel, David F. Beyers, William E McFarland, Edward Conde, Joseph Shipley, Peter Housel. Reissue and in-crease—Nathan P. Risley. Original widows—H. Steele, L. Minnis, R. Bright, M. J. Cochran, M. Shipley, J. White, Elizabeth Sunderland, Mary A. Harbin, Jane White.

MAY FUTURE ABOVE JULY

And Chicago Operators Are Puzzled to Understand This Freak in Wheat.

News from Abroad Was Bearish and the Trade Bulletin Claims a 17,000,000 Surplus Last Year, but Wet Weather Was King.

TRADING AT CHICAGO.

Corn Underwent a Scare, but Closed Near

the Top Figures. CHICAGO, May 13 .- The wheat trade appears to be too anxious to scalp a small profit to allow of a very good market either way. Much curiosity exists as to why May should command 4c premium over July. Opinion varies as to whether the cause is a cash wheat demand or the beginning of manipulation. Compared with last night May wheat is up le this evening, and July %c. Corn is %c and oats %c higher. Pork shows 716c advance and lard and ribs .05c. It was raining here. The weather map was also bad, showing rain or snow almost everywhere, and the trade in wheat opened with a decidedly bullish sentiment. First sales were at 12c to 4c advance on the closing figures of last night. The outlook was certainly discouraging for seeding in such localities as are still behindhand such operations. But to the surprise of almost everybody the firmness in the price and the strength in the situation was quickly followed by decided weakness and a sharp slump in prices, July quickly going off nearly a cent. The drop was due to the heavy offerings of long wheat and the free short selling by Pardridge, Cudahy, Gif-ford, Kennett-Hopkins and Baldwin-Farnum. It was rumored, too, that Kauf-man, of St. Louis, had sold a big line. The early bulge had given the scalpers who bought yesterday at 814c to 814c a good profit, and there seemed to be a unanimous disposition to take it, hence there was an avalanche of offerings, which at once started the market on the down grade and

looked. Cables were also lower from the United Kingdom, and the high barometer n the Northwest led to the belief in clearing weather. Some of the private-wire houses did have numerous dispatches reporting the weather as already clearing, but these were flatly contradicted by other advices. The weakness was helped along by a report that the Russian edict prohibiting the exportation of wheat had been removed.

Then came reports saying that the prohibitory movement relating to corn and oats had been removed, but that of wheat would probably not be removed until July 15. The local corn market advanced sharply, and there was talk of large loadings of wheat here for shipment. Under these combined influences the market railied %c. to the top prices of the day, closing steady. During the day a calculation was made by the Chicago Daily Trade Bulletin, based upon last season's crop having amounted to 600,000,000 bushels, which indicated a probable surplus over every possible re-quirement from home or foreign sources of 17,000,000 bushels, after an allowance of 50,-000,000 bushels for reserves. These figures were construed favorably for the bears.
The corn trade had its regular daily scare at the opening, when May price was

was on the weather again. From first prices there was a drop of 30c to 1c. The close was within 4c of the top. Oats opened 1/20 higher on unfavorable weather, gained an additional 1/80, and then broke 3 @3 sc. The market afterward recovered all that it had lost, and closed

quoted le to 1 c over last night, at 484c, and July 4c to le up, at 444c to 449c. This

about where it opened Provisions were so dull that the brokers left the pit in the middle of the day, and, by the inducement of a few coppers thrown into it, enticed a crowd of messenger boys to get up a scrambling for their amusement. The firmness of corn contributed to hold prices up. A good demand existed for vessel room, and rates remained steady at 2c for wheat and 1%c for corn to Buffalo. Estimated receipts for to-morrow are: Wheat, 66 cars; corn, 260 cars; oats, 205 cars;

Hogs, 19,000. The leading futures ranged as follows: Op'ning Highest. | Lowest. | Closing. Wheat-May ... July.... Corn-May... 4434 4438 304 304 304 4438 4354 2934 2934 2934 July Oats-May ... -THE-

DAILY, SUNDAY AND WEEKLY.

The Journal is first of all a newspaper. Its primary object is to publish the news, and to secure this it spares no pains of expense. Besides the service of two great news agencies, which cover foreign countries as well as the entire United States, it has a corps of Special Correspondents, who give attention to those events and occurrences that are likely to be of particular interest to the Indiana public. Its Washington bureau was established for the purpose of looking after matters in which the State and its people are concerned, and is under the management of an Indiana man well acquainted with the local business and political issues. It has a correspondent in every town of importance in the State, and is constantly increasing its facilities for obtaining informatien from every quarter. Its staff of city reporters is large, and its local departments are unexcelled. As a news paper it is far better equipped than any other in the State, and welcomes comparison with its contemporaries in any and all of its departments. With all it endeavors to be accurate and trustworthy, printing the news, whatever it may be, without personal or partisan

But while the Journal is non-partisan asto news, it is a Republican paper, and sets forth Republican principles. It is important that the people shall read the truth about these principles, and it was with the object of putting everybody in the way of doing so that the price of the

DAILY JOURNAL

- Was reduced to -

No other method of securing a Republican victory at the polls is so certain as the circulation of Republican papers among voters. Since the reduction in the price thousands of subscriptions have poured in from all parts of the State, showing that a need was supplied. In order to have the proper influence and effect upon voters seeking for trustworthy information the Journal should go into their hands at once, and not next spring or summer. Clubs are being formed and agencies established wher« ever daily mails reach, and as rapidly as traveling agents can visit the places, but Republicans in each and every locality cannot do their party greater service than to interest themselves in circulating the Journal.

The Sunday Journal

Is a paper that gives more attention to miscellaneous literature than the other editions, and contains in its sixteen, and often twenty, pages a variety of

CHOICE READING MATTER

That satisfies the most exacting taste.

The same reasons that call for the im mediate extension of the the daily circulation apply to the weekly. This is carefully edited, with a special view to the wants of Indiana readers, both in its general and political news. Its subscription price, \$1, with reduction to clubs, places it within the reach of all, and no campaign contribution can be so effective as when spent in furnishing this paper to readers who need Repub. lican doctrine.
